

Event details will be finalized sometime this week. Start considering who to designate for specific events. For some of the events, you can also start practicing/preparing. Remember, Cluster Olympics will be **WORTH POINTS** in the COSMOS Cup!

Opening Ceremony: Clusters should decorate/design a **cluster banner** for the opening ceremony of the Cluster Olympics. We will take them out to Hutchison Field that morning to go over all of the planned events for the day. There are materials in the Staff Office; send only a few people at a time to avoid overcrowding. Stefanie and the SRA's will pick their favorite banner design, and these clusters will get 3 additional points.

UPDATE: The opening ceremony will take place at 11 am. RA's, you should meet with your students at your normal meeting spots and head over together with the cluster banner.
